

Saturday Workshop

June 9, 2018

10:30-3

Methodist Church

Gardnerville

This month's Workshop will be a Star Block (42" x 42"). We made our class sample up in Patriotic, but you can create this star in any version you would like. It is the perfect size for a table topper and will be quick and easy to do. It uses jellyrolls/2 1/2" strips which I know we all have we will be taking signups at the May meeting. Though this workshop is right after our show I know everyone will be anxious to get started on something new. Please join us for this fun project.
