

## Supply List for Scrappy Tree Skirt

For a 40" diameter skirt, you will need:

6 – 60 degree triangles that are 21" on each side for the back (paper templates will be available at the October meeting, or you can make your own).

6 – 60 degree triangles that are 20" on each side cut from batting

Strips of assorted fabric to cover the front side of all 6 triangles in the stitch-and-flip method

1 yard contrasting fabric for joining triangles and binding skirt
