

## May Block of the Month Oranges for patience

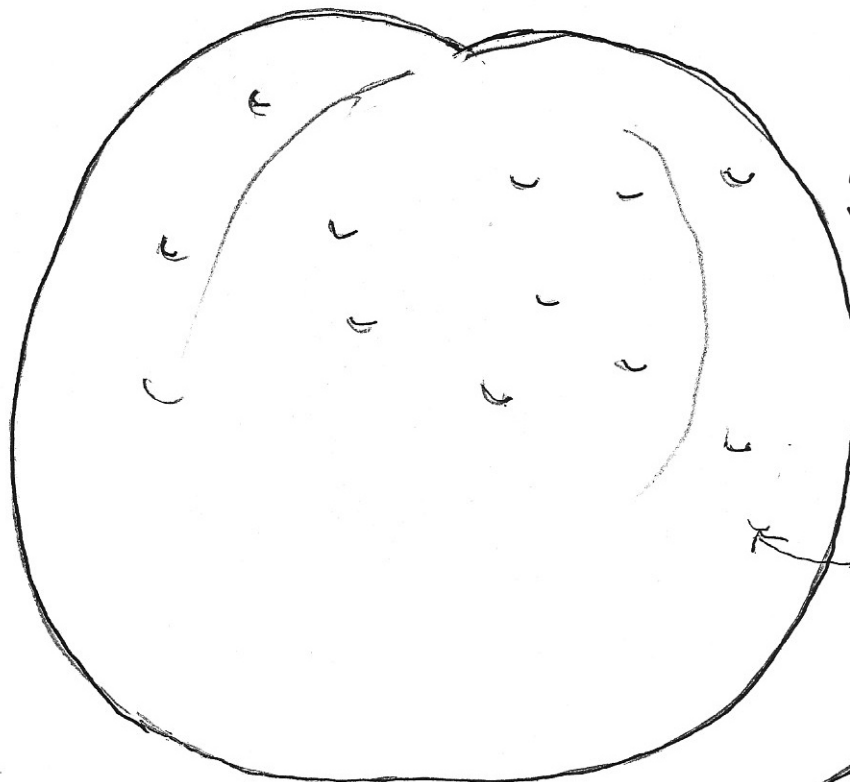

It takes many months for the orange to ripen into edible fruit. The grower must have patience to be able to taste it and not grimace!

The orange rendered in wool  
Note: reduce the pattern accordingly to make the wool orange as only one pattern is included this month.

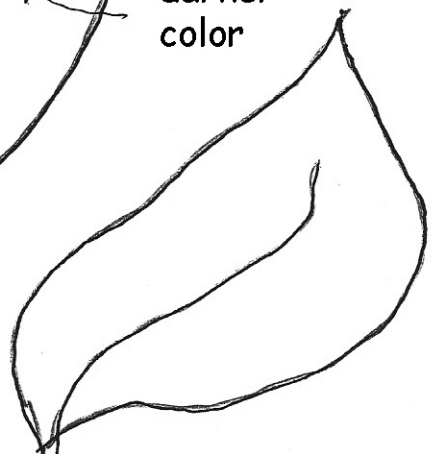

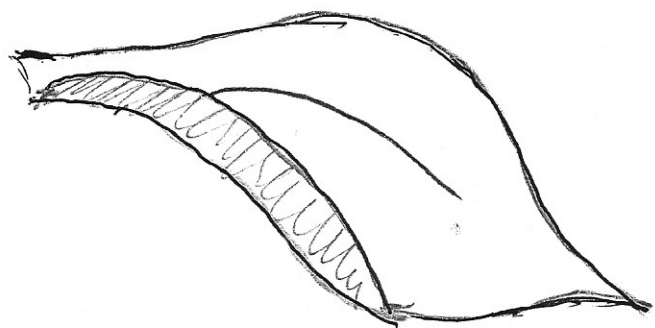

# May Block of the Month - Orange

make one →

Make One or Three as you wish

Add french knots in a matching or darker color

Use a darker green for the curl on the leaf.

patience

Of course, if you want to spell correctly, repeat the "e" and put it at the end.
